Francis Brown,
HCC Valedictorian, 2019
Teshie-Tsubileo Church of Christ

My pursuit of an accredited theological degree at HCC was not a totally new experience. I had already obtained a Bachelors in Information Studies with Linguistics at one of Ghana's distinguished government universities. But to my surprise, the training at HCC was far superior. This experience prepared me well and provided the opportunity for working on an MA in Christian Ministry at a prestigious U.S. institution. I thank God that I made the decision to take another degree at HCC!

DEPARTMENT OF THEOLOGY & MINISTRY

WHY AN ACCREDITED DEGREE WITH US?

Growing churches are maturing churches. But maturity does not happen by accident. Our Department is interested in helping you mature for the ministry work that God has called you to do. We believe our accredited theology and ministry degrees will deepen your biblical knowledge, build your ministry confidence, and stretch your faith by:

- Inspiring you with internationally-trained faculty as faithful mentors.
- Introducing you to different perspectives and opportunities to develop as a wise leader.
- Challenging you with serious theological research that has practical ministry application.
- Equipping you with the necessary tools to become a more effective kingdom worker.

In our programmes you will engage in course offerings in the area of preaching, biblical interpretation, counseling, leadership, biblical languages, African Christian theology, non-Christian religions, and so much more. At HCC you will also have the unique opportunity to take advantage of our innovative entrepreneurial and professional training programmes that help students start and nurture businesses and/or advance in their business careers. Our programmes form a solid foundation so that you can confidently pursue employment not only as a church worker or minister but also as a lecturer, chaplain, social worker, writer, counselor, or entrepreneur. We offer the following programmes (note that all have part-time options; please call for details):

- **Bachelor of Theology and Ministry**; 4 years full-time
- **Bachelor of Community Development and Theology**; 4 years full-time
- **Diploma in Theology and Ministry** (approval pending); 2 years full-time
- **MA in Theology and Ministry** (approval pending); 1 year full-time.

This degree is for those with an accredited first degree in programmes other than theology or for leaders/ministers with no degree but who have ministered for 10 years or more.

Let us help you answer God's call!

STUDENT TESTIMONIALS

Susana Larley, 2023
New-Town Church of Christ, Accra

To study at my mature age—as a wife, mother, and busy church leader—has come with “plenty, plenty” challenges. But at every step along the way, people at HCC have helped me reach for my potential. I want more to come to experience the blessings of HCC—especially our sisters—to study theology and ministry at this wonderful place.

Patrick Mai, 2024
Evangelical Mission Church of Christ
Juba, South Sudan

I am from South Sudan, and through a church sponsorship I was able to come to HCC in 2019. I hold my head up because, besides learning how to be a better minister in the church, I also have learned the skills to start my own business and contribute to my community in South Sudan.

Cynthia Addy Odoi, 2022
Jesus Worldwide Ministry
Sowutuom, Greater Accra Region

My lecturers in the Department of Theology and Ministry were all up to task! I was continually enlightened in my classes, and the coursework is relevant not only for academic scholarship but also for ministerial formation. But more than that, what makes HCC special is the respectful and warm relationship between the faculty and students.
